

Community Health Division Director (Manager V) in Johnson County, KS
Full-Time
Pay range: \$44.45-66.67/hr.

Johnson County Department of Health and Environment is seeking a qualified candidate to fill the position of Community Health Division Director. This position provides excellent benefits, including health insurance, wellness programs and discounts, retirement programs, and various other discount programs. The position is located at 11875 S Sunset Drive, Suite 300, Olathe, KS 66061.

This position directs the work of programs and services focused on community health and outreach, including Chronic Disease Risk Reduction, Injury Prevention, Chronic Disease Prevention, Diabetes Prevention Program, Food Policy Council, Targeted Case Management, Community Health Worker program, and Special Supplemental Nutrition Program for Women, Infants, and Children (WIC). In addition to maintaining a competent workforce, this position is responsible for achieving the goals and objectives of multiple grants, budget performance measures and managing the respective grant and county budgets for each program.

This position requires a master's degree in MHP, MPA, MSW, MSN, Health Policy or relevant field of study. Eight (8) years of experience in Public Health or relevant field, and three (3) years leading, directing, supervising or coordinating the work of others are also required.

*Experience may be substituted for degree.
